The definition of personal elegance, the 1846 is one of our most warm and welcoming floor plans. We love the newly-expanded open concept kitchen, living room, and breakfast area, and how you can choose between having a study, dining room, or 4th bedroom. The primary bedroom is incredibly spacious, with a large walk-in closet, private shower, and garden tub. With more options to personalize through our gorgeous interior and exterior selections, you'll never feel more at home.

Optional features included: Formal study, additional cabinetry in primary and secondary bathrooms, vented microhood, additional LED recessed lighting, undercabinet lighting, decorative tile backsplash, single basin kitchen sink, additional exterior lighting, and integral blinds in rear entry door.
