This home is one of our most popular floor plans, and for good reason! We love the way the corner kitchen looks out into the open concept living room and dining area, giving you the opportunity to feel connected with those in your home. We've maximized your space to give everyone in your family ample room. From your vast walk-in closet in the master bedroom, to separate garden tub and shower, this home is luxurious without an enormous price tag.

Additional options included: Stainless steel appliances, decorative tile backsplash, and a dual master vanity.
