This home is one of our most popular floor plans, and for good reason! We love the way the corner kitchen looks out into the open concept living room and dining area, giving you the opportunity to feel connected with those in your home. We've maximized your space to give everyone in your family ample room. From your vast walk-in closet in the primary bedroom, and a separate garden tub and shower, to the large cabinet and granite countertop in the utility room, this home is luxurious without an enormous price tag.

Additional options included: An upgraded primary bathroom shower, additional LED recessed lighting, two exterior coach lights, a tall elongated toilet in the primary bathroom, an additional 110V outlet for a wall mount TV setup in the primary bedroom, and an upgraded front door
