New and improved! Walk into perfection in this spacious, welcoming floor plan! With a formal study, new open kitchen layout, formal dining area, and living room that flow together seamlessly, this floor plan is sure to please those looking for the ideal family home! Choose between two different layouts - the 2239 features a double-height living room with second-floor balcony. While the 2516 offers a large media room for kids and adults alike. Our favorite feature is a little surprise that's on the second story of the home that you'll just have to see for yourself.

Additional options included: vented microhood, knotty alder door, additional LED recessed lighting, added lighting in garage, additional exterior flood light, single basin kitchen sink, metal railing on second story, and additional bathroom
