The 1156 is a single-story plan with three bedrooms, two baths, and 1,156 square feet of living space. A covered front porch opens to a foyer and living room, which flows back into the kitchen and dining area under 9-foot ceilings. Windows along the living room and dining area bring in natural light, and a back door off the dining area leads to the backyard.

The kitchen sits at the center of the home with a pantry and a sink that looks out over the living room. The primary bedroom is at the back of the home, with two windows, a walk-in closet, and a private bath with a walk-in shower. Bedrooms 2 and 3 each have a walk-in [illegible] off the hall, where the utility room is also located.
