The 1283 is a single-story plan with three bedrooms, two baths, and 1,283 square feet of living space. A covered front porch opens to a foyer and an open living, dining, and kitchen area under 9-foot ceilings, with two windows in the living room and another in the dining area bringing in natural light. The kitchen faces the dining room and includes a pantry, so meal prep and conversation stay in the same space.

The primary suite sits at the back of the home, reached through its own short hall past the utility room. Its bath includes a walk-in shower, a separate water closet, and two walk-in closets. Bedrooms 2 and 3 sit toward the front of the home and share a full bath with a

back door off the main living area leads to the backyard.
